Nontempered textured glass is not suitable for most single and double glazed noncased doors, sidelights and transoms except the following design numbers:

363, 422A, 422B S4S

The following textured glass is available in small cased pieces (30 square inches and less): Acid Etched (nonbeveled and beveled), Antique, Baroque, Glue Chip (nonbeveled and beveled), Seedy and Waterglass

Aquatex, Chinchilla, Ice Flow, Pebble and Taffeta are not available with casing.

Glass samples are available upon request.

**Textured glass is not available beveled except for Glue Chip, Acid Etched and Antique.

* To meet safety standards, any piece of glass over 30 square inches must be laminated or tempered. Baroque and Seedy glass are not available laminated or tempered. These textures are used in smaller cased pieces and small single and double glazed lites.
